WORK EXPERIENCE

2021-2022
1 year and 7 months

Park Education

Support And Software Quality Analyst

My role was divided into **three major parts:**
Tech Support, Project Management, Front-End Jr.
That included giving daily technical maintenance
of systems and applications in operation, along with
tasks related to identifying and troubleshooting apps,
problem solving or escalation;
Internal IT support in general;
Translating for overseas teams;
Programming the translation of the company SAP
system in JS;
Assisting in the development of the company's
Ecommerce website in WordPress.

2011-2021
9 years and 10 months

Wizard By Pearson

ESL Teacher

Planning and teaching classes using the material and
following the method applied in the franchise;
Collecting and interpreting student data (listening,
speaking, writing, interpretation, grammar, etc.) and if
necessary, offer, plan and give extra tutoring;
Define academic and commercial objectives such as
retention and re-enrollment of students;
Apply tests such as TOEIC;
Prepare and deliver parent-student meetings.
